*Parents are invited to visit and observe their child's class on three different days throughout the year. The dates are listed above. By limiting the observation days to those listed students enrolled in our program are allowed uninterrupted class time to work with peers and teachers. We would ask that on observation days parents remain attentive and leave younger children that might disrupt the class in the care of others. We feel that adhering to these guidelines will optimize the experience for all. Parents who observe on non designated days often cause confusion as other children wonder why their mother or father is not present. We appreciate your willingness to cooperate in this matter.

*Children should be dropped off no earlier than 5 minutes before class and picked up no later than 5 minutes after class ends. Dancers arriving before their class has begun should not disrupt the previous class. Children's Dance Faculty can not be responsible for attending to children before and after class has finished.

*Children should wear appropriate dance attire. Leotards or body suits are recommended. Straps should be 1 inch or wider. All students enrolled in the Creative Dance Program should plan on dancing bare foot. We would also ask that children wear appropriate outer clothing and footwear to and from class and rehearsal.
