

## **Bib Kit Instructions**

1. Cut a 5 ½" - 6" diameter hole approximately 2 inches from the end of an 18" x 24" hand towel.
2. Cut straight up the center of the towel the 2 inches from the end of the towel to the circle. This makes the neck opening .
3. Cut a 26"-27" strip of bias binding
4. Place the binding and 2 sets of snaps into small plastic bag.
5. Fold towel to fit into a gallon size zip lock bag and place towel, binding and snaps into bag. 2 towels, etc will fit into 1 gallon bag.

### **If you're completing the bibs.**

6. Pin the bias binding around the neck opening folding the bias tape under at the ends of the opening. Sew with a zig zag stitch from one end around the circle and down the other end.
7. Position snaps on each side of the opening to form closure and pound into place.
